

## Snowy Baker Praises Sport of Boxing As Done In U. S.

Australian Fight Promoter Is Rounding Out a Tour of United States Before Sailing For Europe; Says He Likes Showing of American Boxers and Wants Them in Australia.

BY T. S. ANDREWS.

MILWAUKEE, Wis., March 4.—Snowy Baker, the Australian boxing promoter, who is touring this country at the present time, is not entirely in search of fighters, but wishes to acquaint himself with the conditions in this country and to become personally acquainted with all the prominent boxers and people interested in the sport. Mr. Baker has been here less than a month, but he has covered a great deal of ground and has seen quite a number of the boxing arenas in the states. He has been especially surprised at the manner in which the sport is conducted here in some parts and is also very much taken up with the Yankees. In fact, he says his only regret is that he cannot put in more time with them before sailing for Europe, although there is a chance that he will come back this way.

Mr. Baker is greatly interested in bringing about a uniform scale of weights for all countries and he intends to take the matter up with the leading clubs in France and England while he is over there. It is possible that a convention of delegates from the various countries will be held, either in England or America, sometime within the next year, when an effort will be made to pass upon a uniform scale.

**Payers Uniform Scale.**  
"This is something that should be taken up by all boxing promoters," said Mr. Baker, "and I am in hopes of assisting in the matter while in Europe. I will arrange to send a delegate if I cannot come myself from Australia. A uniform scale is very necessary to have legitimate champions, and I hope that all the big promoters will cooperate with us in trying to bring it about. The London Sporting club has done much to push the matter along and I know that others feel the same way about it."

**Appetites Heightened.**  
"Regarding boxing matters in this country, I wish to state that I have found all the people connected with the clubs at the very finest and I trust that some day they will get over to Australia where I may be able to repay some of the kindnesses that have been shown me here. You certainly have a hustling nation and I am glad to say that the Australians are following very much in your style."

**Wants High Class Boxers.**  
"Eddie McGearty, who is in Australia,"
